Understanding Health Insurance

The Coach will apply your health plan to a fictional knee surgery, showing you how your deductible, copay, coinsurance, and out-of-pocket max could apply in a realistic health care scenario.

The Banzai Coach guides you through the basics of health insurance and how your unique health plan would apply to a fictional, though realistic, health expense. If you don't have a health plan, the Coach will use averages to demonstrate the impact of health insurance while still guiding you through the basics.

Health insurance is complicated, but you can walk through the basics without judgment and finally understand the nuances of your coverage.
